Commercial vessel & Ferry Routes

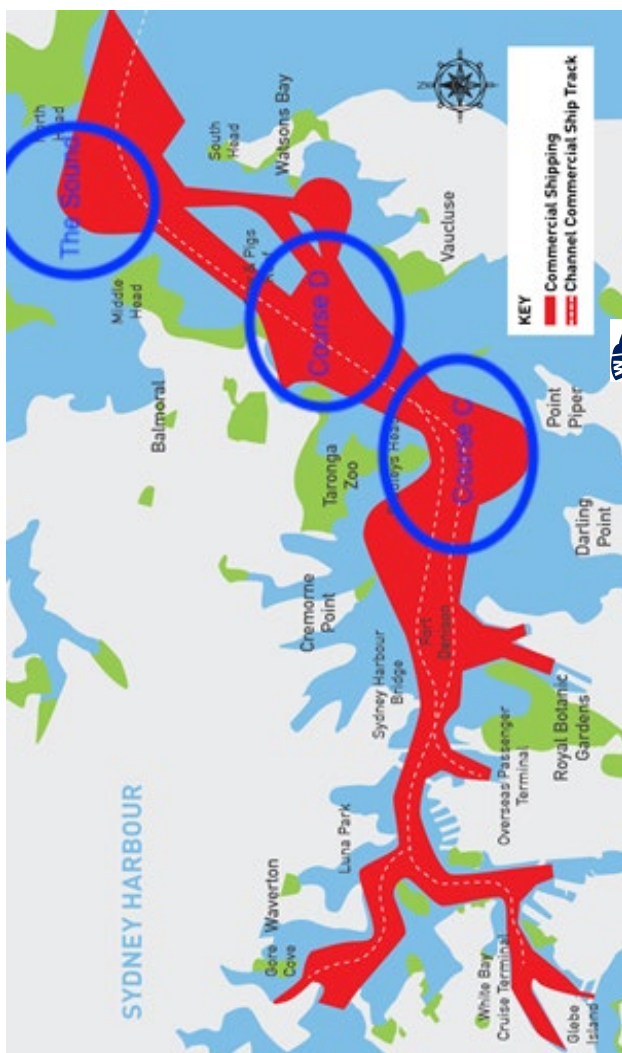

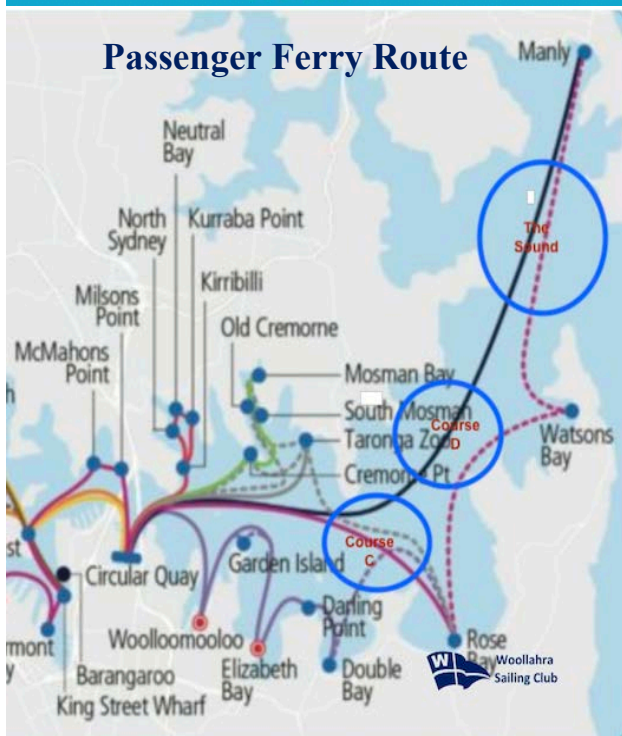

Commercial Vessels and Ferries operate on Sydney Harbour with limited interference or postponement to racing. However, safety considerations and regulations are required where sailors will be made aware at briefings and sailing document attachments. The PRO will be aware of the timing of any commercial shipping movements daily and the Ports Authority will be aware of the event taking place. Commercial shipping is very limited in Sydney Harbour with vessel movements available via the link www.portauthoritiesnsw.com.au

Sydney Harbour Ferries commute approximately every 30minutes. Racing areas will have limited impact from the ferries however safety considerations and regulations required sailors will be made aware in briefings and sailing document attachments.

Sailing vessels cannot claim 'Right-of-way' over a ferry displaying the orange diamond shape.

Sailing vessels must keep a minimum distance from these ferries of:

- 200m from the bow
- 30m from the sides or stern

Race Equipment

Woollahra Sailing Club own all quality race management vessels and course equipment. Start boat, Finish boat plus 12 inflatable ribs for Safety, Jury, Mark Lay Vessels, Race Buoys + tackle plus required safety equipment.

Regatta management & Safety

Woollahra Sailing Clubs professional team are experienced running large events and regattas with the support and coordination of NSW government authorities and Australian Sailing. Having a supporting data base of information and documentation from Notice of Race, Sailing Instructions, personnel requirements through to risk management and safety documentation. WSC has relationships to supply PRO, course race officers, jury members, and extra course personnel and officials.
