Mr.
Nino Shmueli
President
International 420 Class Association

Respected Sir,

Receive a cordial greeting from Lake Calima. We want to give our infinite gratitude for the support that the International 420 Class Association under your Presidency has provided for the new Colombian International 420 Class Association. The Coaches and Sailors Clinic led by José Massapina and Francisco Andrade that just ended a few days ago with all success filled and surpassed all the expectations we had.

As Director of the Albatros Sailing School, the main reason of our Pacific Nautical Club, I extend our eternal gratitude for such support as expressed by young athletes and coaches, coming from all over Colombia.

José and Francisco not only shared their passion and deep technical knowledge but stood out as an excellent human beings. We will take them in our hearts.

We hope to have Clinics as spectacular as these again.

Cordially

Martha Juliana Acevedo Danner
